[Asian Blepharoplasty and the Eyelid Crease 4th Edition + Video](#)

"Asian Blepharoplasty and the Eyelid Crease, 4th Edition + Video," authored by Dr. A. T. M. A. B. A. E. Z. S. J. H. Almkhtar, is an essential resource for plastic surgeons and practitioners specializing in cosmetic surgery of the eyelid region. Published by Springer in 2022, this comprehensive guide delves deep into the intricacies of Asian blepharoplasty, focusing on the techniques and nuances of creating a defined eyelid crease. This edition has been thoroughly updated to reflect the latest advancements in surgical practices and technologies, providing readers with an authoritative understanding of both aesthetic objectives and patient safety. With over 300 detailed illustrations and diagrams, the book not only guides surgeons through the surgical procedures but also highlights preoperative considerations, postoperative care, and potential complications. Furthermore, the inclusion of a supplementary video expands the learning experience, demonstrating key techniques in real time for visual learners. This resource is suited for both novice surgeons seeking to build their expertise and experienced practitioners looking to refine their skills. With an ISBN of 978-3-319-67892-4, this book stands as a definitive text, bridging the gap between theoretical knowledge and practical application in Asian blepharoplasty. Its insightful discussions, combined with a wealth of clinical photographs and patient case studies, ensure that readers gain a well-rounded perspective on creating aesthetic eyelid contours that respect cultural identity while achieving patient satisfaction. Whether you are in an academic setting or a clinical practice, this book will prove invaluable in enhancing your expertise in one of the most sought-after cosmetic procedures today.
